

Comparing Fractions

Name: _____ Date: _____

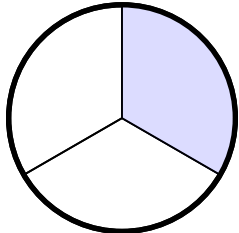

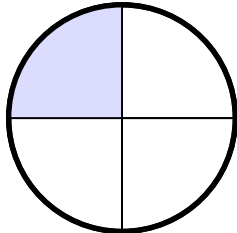

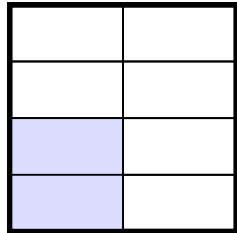

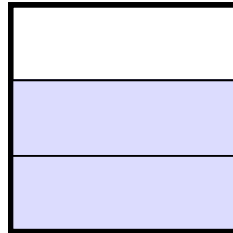

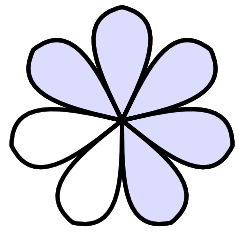

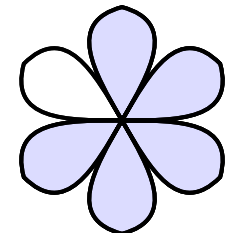

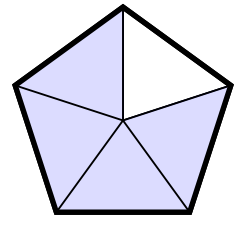

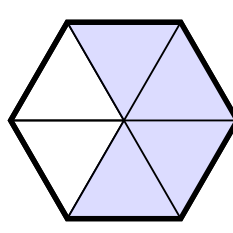

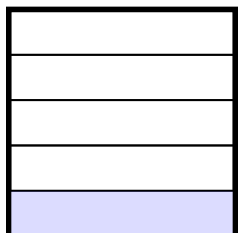

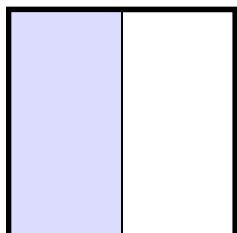

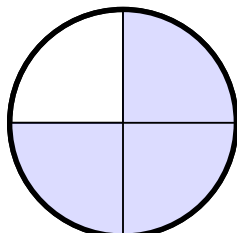

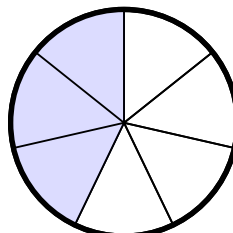

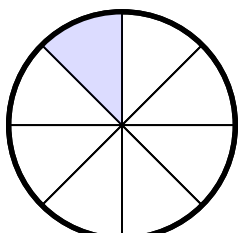

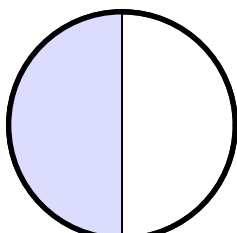

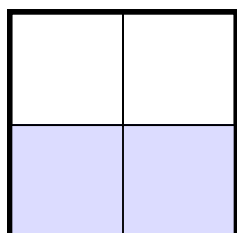

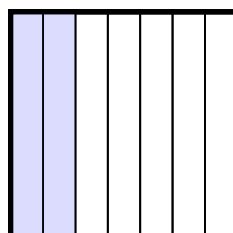

Shade each pair of shapes to match the fractions shown. Write ">" in the circle if the one on the left is larger, and write "<" if the one on the right is larger.

<p>(1)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  $\frac{1}{3}$ </div> <div style="text-align: center;">  $\frac{1}{4}$ </div> </div> <div style="text-align: center; margin-top: 10px;">  </div>	<p>(5)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  $\frac{2}{8}$ </div> <div style="text-align: center;">  $\frac{2}{3}$ </div> </div> <div style="text-align: center; margin-top: 10px;">  </div>
<p>(2)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  $\frac{5}{7}$ </div> <div style="text-align: center;">  $\frac{5}{6}$ </div> </div> <div style="text-align: center; margin-top: 10px;">  </div>	<p>(6)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  $\frac{4}{5}$ </div> <div style="text-align: center;">  $\frac{4}{6}$ </div> </div> <div style="text-align: center; margin-top: 10px;">  </div>
<p>(3)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  $\frac{1}{5}$ </div> <div style="text-align: center;">  $\frac{1}{2}$ </div> </div> <div style="text-align: center; margin-top: 10px;">  </div>	<p>(7)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  $\frac{3}{4}$ </div> <div style="text-align: center;">  $\frac{3}{7}$ </div> </div> <div style="text-align: center; margin-top: 10px;">  </div>
<p>(4)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  $\frac{1}{8}$ </div> <div style="text-align: center;">  $\frac{1}{2}$ </div> </div> <div style="text-align: center; margin-top: 10px;">  </div>	<p>(8)</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  $\frac{2}{4}$ </div> <div style="text-align: center;">  $\frac{2}{7}$ </div> </div> <div style="text-align: center; margin-top: 10px;">  </div>

Comparing Fractions

ANSWER KEY

Shade each pair of shapes to match the fractions shown. Write ">" in the circle if the one on the left is larger, and write "<" if the one on the right is larger.

<p>(1)</p>  <p>$\frac{1}{3}$</p> <p></p>  <p>$\frac{1}{4}$</p>	<p>(5)</p>  <p>$\frac{2}{8}$</p> <p></p>  <p>$\frac{2}{3}$</p>
<p>(2)</p>  <p>$\frac{5}{7}$</p> <p></p>  <p>$\frac{5}{6}$</p>	<p>(6)</p>  <p>$\frac{4}{5}$</p> <p></p>  <p>$\frac{4}{6}$</p>
<p>(3)</p>  <p>$\frac{1}{5}$</p> <p></p>  <p>$\frac{1}{2}$</p>	<p>(7)</p>  <p>$\frac{3}{4}$</p> <p></p>  <p>$\frac{3}{7}$</p>
<p>(4)</p>  <p>$\frac{1}{8}$</p> <p></p>  <p>$\frac{1}{2}$</p>	<p>(8)</p>  <p>$\frac{2}{4}$</p> <p></p>  <p>$\frac{2}{7}$</p>
